EXPERIENCE

Web Developer Intern
FamilySearch

 01/2025 - 05/2025   Lehi, UT

- Developed dynamic, interactive features in a large-scale React codebase, collaborating closely with UX designers and software developers to implement end-to-end solutions.
- Led accessibility efforts by auditing team pages for WCAG compliance, identifying issues, and implementing fixes to ensure inclusive design.
- Strengthened code quality by writing comprehensive Jest unit tests and contributing to CI/CD pipeline processes.

Software Engineer Intern - Weber State University Projects
Wildcat MicroFund & Sunridge HOA

 09/2023 - 05/2024   Ogden & Huntsville, UT

- Contributed to two live, full-stack web applications supporting real-world clients and developing features including ERD diagrams, C# models, database seeding, and responsive UI using Razor Pages and Bootstrap.
- At Wildcat MicroFund, focused on late-stage development by fixing bugs, enhancing usability, and integrating APIs to improve site functionality.
- At Sunridge HOA, served as Project Manager for a team of 4 interns, using Jira to manage tasks and timelines while acting as co-liaison between client and development team.

Lead Code Instructor/Sensei
Code Ninjas

 05/2022 - 09/2024   South Ogden, UT

- Taught students aged 5-17 a wide range of technical and STEM skills, including programming in JavaScript, Lua, and C#.
- Directed summer camps, instructing kids in 3D modeling/printing, HTML/CSS, Scratch, and Minecraft coding.
- Trained new instructors to ensure high-quality teaching standards.

VOLUNTEER

Full-time Missionary
The Church of Jesus Christ of Latter-day Saints

 02/2020 - 03/2022   Aguascalientes, Mexico & Tucson, AZ
